WORK EXPERIENCE

GTM ENGINEERING LEAD – Tison.io Consulting ☞ 2026 - Current

- Built the technical go-to-market systems, CRM setups, automation workflows, and lead-gen campaigns, for 6+ early-stage startups across the US, Europe, and Africa, taking each from zero infrastructure to a working sales pipeline

PRODUCT MANAGER – Clever Guide AI ☞ 2025 – 2026

- Led a team of 6 in sprint planning and technical documentation, ensuring timely and accurate product delivery
- Collaborated with the founder on product R&D; the startup advanced to the semifinals of the Oxbridge AI X Challenge

RECRUITMENT AMBASSADOR – Baret Scholars ☞ 2025 – 2026

- Worked on lead generation, scoring and qualification, and cold outreach to various institutions within Baret's ICP, including hosting local events for recruitment
- Resulted in generating \$120K in tuition revenue

BLOCKCHAIN DEV INTERN TEAM LEAD – Tally XYZ ☞ 2023 – 2024

- Directed a team of four interns to build a notifications manager web app, boosting user engagement by 40%; reported directly to the CTO
- Built backend architectures and optimized data storage for blockchain DAOs using GraphQL and Apollo

EDUCATION

UNIVERSITY OF NAIROBI – BSc Electrical & Electronics Engineering ☞ Present

- Coursework in data structures and algorithms, embedded systems, PCB design and circuit prototyping, digital electronics, and signals and systems

BARET SCHOLARS – Academic Fellowship ☞ 2024 – 2025

- Selected for a highly competitive global gap-year fellowship; completed interdisciplinary academic work at the intersection of technology, policy, and culture. Merit Scholarship recipient (\$90,000)

MANG'U HIGH SCHOOL – Nairobi, Kenya 2019 – 2022

- KCSE Mean Grade: A (81/84 points), Top 0.03% nationally; Cumulative GPA: 3.9

VOLUNTEERING

CO-FOUNDER & CO-CHAIR – Welfare Society, Mang'u High School 2020 – 2022

- Raised \$30,000 to support tuition fees for 50+ students from low-income backgrounds
- Archdiocese of Nairobi Outstanding Student in Socio-Economic Empowerment Award
